

CARING FOR YOUR NATURAL STONE

WHAT DO YOU NEED?

Maintain the durability and beauty of your natural stone with the following tools and products.

SEALANT

Miracle Sealants
511
Impregnator
Sealer

DRYTREAT
Stain-Proof
Premium
Impregnating
Sealer

TREWAX
Professional
Stone & Tile
Sealer

Purpose: Protects porous natural stone surfaces from stains and etching

How to Use: Apply immediately after installation and then periodically, based on usage and the stone's porosity.

When to Use: For kitchen countertops, apply once a year; for flooring and less trafficked areas, sealing may be needed less frequently.

PH NEUTRAL CLEANER

Purpose: Cleans without damaging the natural stone.

How to Use: Use a soft cloth or mop to apply the cleaner.

When to Use: For daily maintenance to prevent damage from spills and stains.

Cleaner

Miracle Sealants
Tile & Stone
Cleaner

MICROFIBER DUST MOP

Purpose: For gentle cleaning and drying of stone surfaces.

How to Use: Use to dry surfaces after cleaning or to apply products.

When to Use: As needed for cleaning and maintenance tasks.

STONE-SPECIFIC POLISH

Purpose: Enhances the natural sheen and color of stone surfaces.

How to Use: Follow manufacturer's instructions for application.

When to Use: Periodically, when the stone appears dull or to enhance the finish after cleaning.
